WEEKLY REPUBLICAN-1917
DAILY PUBLIC LEDGER-1917

MAYSVILLE, KENTUCKY, MONDAY, JANUARY 15, 1917.

ONE COPY—ONE CENT.

TEN INCHES

Of Snow Fell on Saturday in This City—One of the Largest Snows in Many Years—Two Degrees Below Zero This Morning.

One of the largest snows seen in this section of the State for several years fell on Saturday, starting at about 4 o'clock in the morning and continuing till about midnight. Throughout the day a wet snow fell, making the streets very slushy and disagreeable for walking but when the shades of night approached the snow became very dry. Ten inches of snow was measured on a level.

Following the fall of the beautiful heavy cold spell set in. The government thermometer at the home of Mrs. Mary Marsh on Forest avenue this morning registered 2 degrees below zero, which, although not the coldest morning of the year, is enough to make every one hunt their warmest wraps.

The street car company immediately began to clear the snow from the tracks as soon as it became deep enough to begin to impede traffic on Saturday. The tracks were cleaned several other times during the day. This made traffic very easy for autos and wagons.

The streets were very slippery this morning and a number sustained falls, although we could hear of no one that suffered any broken or sprained limbs. With the river dropping rapidly and entirely within its banks there is very little danger of a flood, unless very heavy rains visit this section or in the upper part of the valley.

P. S. It's snowing some more this morning. Maybe by tonight there will be another ten inches.

MUST GET FEDERAL STAMP

Lexington, Ky., January 15—Collector Ben Marshall calls attention to the new revenue law, enacted September 8, 1916, under whose provision every building or place where games or billiards or pool are played, or bowling alleys where bowls are thrown, except in private homes, is regarded as a bowling alley or billiard room. This, of course, makes it necessary for all lodges and clubs to procure a special tax stamp. This must be done in the month of January, and the different lodges and clubs which have billiard rooms or tables or bowling alleys, are hereby notified to procure the necessary Federal stamp if they desire to avoid the penalty.

Miss Alma Williams of Ewing spent the week end with Misses Carrie and Lillian Muse of East Third street.

SCOUT BILLY DOYLE

Is Planning a Revival of the Old Blue Grass League or a New Ohio and Kentucky League.

Billy Doyle, the popular scout for the Milwaukee Association Club, who has been in this city for several days, is again agitating the organization of the old Blue Grass League, or a new Ohio and Kentucky league, which would include Portsmouth, Ohio; Maysville, Frankfort, Winchester, (or Richmond), Lexington, and, if the Hon. Garry Herrmann could be conciliated, Covington would come in, it being understood that no games would be played in Covington when there are games at Redland Field. Maysville and Portsmouth baseball enthusiasts are warmly in favor of the proposed league and stand ready to get behind same with ample money. The league would be reorganized along entirely new lines, which would entail a saving of several thousand dollars yearly.

Another ambitious, but thoroughly plausible scheme of Mr. Doyle is his proposal to organize and incorporate a company here, backed by the Maysville Club, or all the clubs of the league, for the purpose of schooling, training and graduating in the many sport of baseball, young players for the big league teams. This new institution would be the only one of its kind in the world; would have \$10,000 capital and to be known as the Limestone Baseball Training School. This section of Ohio and Kentucky seems peculiarly adapted to growing and producing professional ball players, as many of the noted giants in the noble sport were born or developed within 50 miles' radius of Maysville, in the Ohio State League and the old Blue Grass League, including such high-dollars as Carl Wellman, Fred Toney, Shelton, Viox, Stenzel, "Scotch" Sallee, Harry Vaughn, Meyer of the White Sox, Haley, with Philadelphia, and a score of others of high rank, who have written their names in large letters on the diamond scrolls of fame, not to mention Dillhoeffer of the Chicago Cubs, Lem Jones of the Boston Americans and others who have arisen from Doyle's school.

It is hoped that Scout Doyle may push his new baseball school movement, as the plan is feasible and it would fill a long-felt want in this great game.

MAYSVILLE LOSES

Paris defeated Maysville in the basketball in the former city on last Friday night, the score being 39 to 18. The game was well played however. Everett and Browning doing the star work for the local boys.

The Paris boys got an early lead which they maintained until the end of the game. The score at the end of the first half was 28 to 5. During the second half however the Maysville boys came back strong and played some excellent ball. Preceding the boys' game a game was played between two of the girls' teams from the Paris High School.

The following was the line-up for the game:

Paris—Hayden and Burnett, forwards; A. Lavin, center; Rice and Connell, guards.

Maysville—Everett and Browning, forwards; Wood, center; Downing and Bowman, guards.

Messrs. Markham Hicks, John Walker and Ellsworth Cablish accompanied the team to the Bourbon county seat. Mr. Lewis B. Duke was the leader of the party.

PARIS WANTS BASEBALL

(Cincinnati Enquirer)

Paris, Ky., will most probably be back on the baseball map this coming season with a semi-pro club in the proposed Sunday league being organized in Kentucky. Charles Applegate has been asked to attend a meeting of the fans and organize the club. The plan is to use as many Paris local boys as possible and fill in with ex-minor league stars. If Applegate joins Paris it is most likely that Charles Davis and Bill Bentel will operate the Brewers.

WILL PLAY PORTSMOUTH

(Portsmouth Times)

Three more games have been added to the Portsmouth high school basketball schedule. After several contracts sent to the Maysville, Ky., high school management P. H. S. has succeeded in booking that team to play here on February 9 and the P. H. S. five will play there on Friday, February 2. P. H. S. is trying to book games with Norwood and Columbus high fives.

THE PHANTOM BUCCANEER

Presenting Richard C. Travers with Gertrude Glover, a thrilling drama of conspiracy and love, is the special feature at the Pastime today.

WILL HOLD CARNIVAL WEEK

The managers of the Princess Rink have decided to hold a carnival week beginning January 29 and continuing to February 3. During the week there will be various contests of all kinds and on Friday night a masquerade will be held with suitable prizes for the best masked and the most grotesquely masked. On Saturday afternoon a masquerade will be held for the younger folks. Further announcements of the week will be made later.

SUPERVISOR'S REPORT

The report of Supervisor of Sales W. Mitchell for the past week shows that there has been a total of 2,773,005 pounds of tobacco sold on the floors of the various houses. This amount of tobacco averaged \$16.89 per hundred. The market closed very strong in comparison, there was reported to the Ledger office a total of 2,993,460 pounds. We wonder where the other 200,000 pounds went to.

TO CONTEST ATTEMPT

To Abandon the Ohio River and Columbus Railroad Running From Ripley to Georgetown, Ohio.

(Cincinnati Enquirer)

The Ohio River & Columbus Railroad will not quit receiving freight for delivery to other roads, as was announced through publication would be done January 20th. This became known when notice was given out by the State Utilities Commission, last week, that the only way that such action could be legally taken would be to give notice to the Interstate Commerce Commission of such intentions, and that even with this 60 days would be required to lapse before the road could cease operations.

When this notice came it was accepted as being the first legal step in the abandonment of the road. It is known that business interests both at Ripley and at Georgetown are watching the situation and that every step in the proceedings is to be contested. At a last resort the question is to be raised, that that portion of the road between Georgetown and Sardinia, and that it can be shown that this portion of the road does not justify the claim of the new owners, Fischel and Marks, of the road, that it cannot be operated at a profit.

ACCEPTS POSITION AS CLERK

Miss Mattie Duley has accepted a position as ticket agent at the Market street station of the C. & O. railroad in this city. This place was filled by Miss Theo Curran for a short time, she selling tickets for one train and then resigning.

FOUND DEAD IN BED

The four months old child of Mr. and Mrs. Feelin Green, colored, was found dead in bed this morning in the home in Catholic Alley. Coroner Charles Slack was called. The child's death was caused by pneumonia.

A NATIONAL SCANDAL LOOMING UP

In connection with the peace note of the President and the two amazing statements issued by Secretary of State Lansing, there was stock juggling in which vast fortunes were made.

There are the makings here of a great national scandal. For the juggling could not have been accomplished without advance information from Washington.

The President, of course, is not involved. Nor is there the slightest suspicion that Mr. Lansing was in any way aware of what is termed "the leak."

But "leak" there must have been. Indeed, Mr. Lawson, the irresponsible stock gambler, of Boston, who profited to an enormous extent, is quoted as saying that of course there was a leak and what is more, that there will be another leak this week.

There is a resolution before the smothered or adopted when Congress gets over its Christmas holiday, we do not know. But there ought to be a thorough inquiry, and Mr. Lawson and "Barney" Baruch, of New York, ought to be put upon the stand.

And no harm would be done if one of the members of the Cabinet should be questioned pretty pointedly.—Philadelphia Inquirer.

COMPETITION CERTAIN—JOINT OR INDIVIDUAL

O. P. Austin, a statistician of wide repute, gives his opinion to the effect that the present trade combination among the Allies will not endure, that the Paris agreement will not be adhered to when the war is over, and there will be no trade conflict such as has been looked for. He undoubtedly bases his opinion upon the essential selfishness which rules both men and nations, which has made treaties of all kinds mere "scraps of paper" in the hour of trial, and which has rendered international law powerless when ever any people have felt themselves strong enough to override it. In this, his judgment is correct. But it does not follow that the United States will not feel strong competition when the war is ended. That competition may come from a group of nations bound by compact, or it may come from those nations contending individually. But come it will. To recompense itself for the war, Europe must turn to the productive arts of manufactures and to commerce. It must seek markets—the richer the better. Ours will be the best and the richest—and we shall have to fight to maintain our commercial outposts and our commercial home base. Our most efficient weapon will be a protective tariff. The present administration evidently thinks that a bond issue is more efficient.

THIRD STRIKE, AND OUT!

At Washington the rumor of Secretary Lansing's approaching retirement from the Cabinet bobs up again and refuses to be downed. Mr. Lansing has had two wiggins from the President during the past year—one when he dispatched the note referring to armed merchantmen and the second when he sought to explain the President's peace note with an explanation which itself required explaining. He may not wait for the third strike to be called on him; he may quit. If he does, Washington looks for Col. House to succeed him. It would be an interesting experiment. We would like to see the Colonel in a place of real responsibility. He is just now a myth. As a member of the Cabinet, he would have to reveal himself. We think the revelation would show nothing more than ordinary flesh and blood and ordinary brains.

Secretary of the Treasury McAdoo says he is opposed to the issuance of bonds to meet current expenditures. No we should like to hear him say that he is in favor of keeping current expenditures within the revenue. But he won't say it.

"ME" GOVERNMENT

President Wilson's idea that this is a one-man government seems to have taken hold in the minds of some of his party co-workers. When Thomas W. Lawson, of Boston, wired Chairman Henry, of the House Committee on Rules, that he had evidence regarding the "leak" of information in advance of the publication of the President's peace note, Henry replied with a wire asking that Lawson go to Washington and "submit your evidence to me..... and it will have consideration." All the other members of the committee, and all other members of the House, were to be ignored unless Henry deemed best to let them have the evidence also. Come and submit your case to "ME", is the Democratic idea of popular government.

THE NEXT CONGRESS

The next Congress is bound to be an egative Congress. The next Congress may see the ending of the war in Europe. The next Congress may have to take up the problems of economic laws that will spell the future of the United States for a generation.

Why should the Republican party, with practically no power, with no ability to put a check on the executive, with no power of persuasion or coercion on the Senate, seek to control the House? Should the party which hopes to be reunited in 1920, which aspires to restore to the Union the commercial supremacy which it deserves in peace as well as in war times, accept the responsibility for a Democratic administration?—Washington Herald.

THE NOTE IN ENGLAND

London special to Herald says: President Wilson's peace note created surprise, shock and consternation. Today Britain almost reels as from a staggering blow. From the high-keyed resentment of the Morning Post inviting America to get into the fighting on one side or the other, or attend to her own business, through middle register of the better informed protest of the Northcliffe press down through the friendly criticism of the Chronicle to something like toleration from the Daily News, British opinion unanimously rejects the premise of equality of motive and aspiration among the belligerent.—Boston News Bureau.

The Administration deeply regrets that it can no longer postpone everything until after election.—New York Sun.

MOTHERHOOD WOMAN'S JOY

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALLIE B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

BAN JOHNSON DEFIES FULTZ AND FRATERNITY

Chicago, January 12 — Threats of David L. Fultz, president of the Baseball Fraternity, to call a strike of between 600 and 700 players unless their demands are granted before the beginning of the 1917 season, were answered by B. B. Johnson, president of the American League, here tonight. President Johnson in a bristling statement declared that Fultz would be driven out of baseball; that the fraternity would crush, and that every player in the American League would be obliged to sign a contract before going to the spring training camp. The American League, he said, is through with Fultz.

"We shall never again listen to any proposal he may offer," President Johnson said. "We invite him to carry out his bluff. I, personally, do not believe the players are back of Fultz. I think he has been using a power to

send out a statement without authority from the players themselves. The American League will see that Fultz is crushed, driven out of baseball. "The American League has been fair with its players and will continue to treat them fairly without the aid of Mr. Fultz."

Mr. Johnson also declared that John Henry, catcher of the Washington club, a representative of the Players' Fraternity, could either drop his affiliation with the fraternity or quit the American League.

"Henry or any other player in the American League who refuses to sign a contract because of the fraternity will be barred. We propose to lay a strong hand on Henry and others like him."

All the money spent raising children would help them much more if so much wasn't spent on them.

Potatoes with a cantaloupe taste are promised soon.

EXPLORE SHIPMENTS OF ARMS TO MEXICO

Washington, January 14—Congressman Julius Kahn of California, ranking Republican member of the Committee on Military Affairs, has introduced a series of resolutions directing the Attorney General, the Secretary of War, and the Secretary of the Treasury to send to Congress all documents that they have concerning the exportation of arms to Mexico in violation of the embargoes placed thereon by Congress and the President. In view of the sensational disclosures made in that connection by Congressman Rodenberg of Illinois at the last session regarding Mr. Cleveland H. Dodge, one of the largest contributors to the Democratic fund, interesting revelations are promised if the replies to the resolutions are in any degree complete.

Ignoring Constitutional Limitations
Still another attempt to cast aside the Constitutional distinctions placed on the three coordinate branches of our Government was made by one of the Senators from North Carolina on the first day of the session after the Christmas recess. He introduced a resolution asking the State Department to secure information that would greatly aid his State in the prosecution of a suit with the Republic of Cuba now pending in the Supreme Court. Although taken by surprise, Senator George Sutherland, of Utah, rose to the occasion, and pointed out that the attempted action was a direct infringement of the judiciary by extending aid to one party in a litigation not accorded the other; in other words, to use the language of Mr. Sutherland, "It is none of the Senate's business." Senator Sutherland quoted from the Constitution in support of his contention, with the result that the resolution was referred to a committee where it is likely to remain.

A Convenience For Senators
There have been experimentally installed in the cloak rooms of the Senate electrical instruments which reproduce the handwriting of an operator at the other end of a wire in the Senate Chamber, and which graphically show just what is taking place in the Chamber from moment to moment. It is the purpose to equip each of the Senators' private offices with similar instruments, so that they will not have to be present in the Chamber except when matters in which they are interested are transpiring.

Digest of Laws For Absence Voting
There has been presented to the Senate for printing as a public document a digest of State laws now in force permitting residents temporarily absent from the State to cast their votes by mail. It is the intention in other States to attempt similar legislation, notably in New Hampshire, where, if the members of the National Guard on the Mexican border had been allowed to vote, the State would probably have been saved for Hughes at the November election.

Efficiency Methods Not Told
The first annual report of the new Bureau of Efficiency claims that through changed methods introduced by that Bureau a saving of \$1,381,680 has been accomplished, chiefly in the Post Office Department. The report contains this significant statement: "We publish no reports of our accomplishments in improving methods because we believe any form of publicity would tend to make us unwelcome in the departments and thus restrict our usefulness." It thus draws the veil over the present administration of some of our Departments, but the public would undoubtedly be interested if the inside story of many of them could be told.

MORE THAN 100 ARE IN CLASS
Lexington, Ky., January 12—The grand Council of the State of Kentucky, Royal Arch Masons, will come to Lexington on Thursday, January 18, and confer the several degrees of that order. A class of over 100 members from the surrounding Blue Grass towns is expected. Most illustrious Grand Master A. J. DeGraw of Louisville, with his retinue of officers, will conduct the ceremonies and confer the degrees at Masonic temple, commencing at 4 o'clock in the afternoon. After the conferring of the Royal and Select degrees supper will be tendered the visiting and local members, and at 8 o'clock the Super Excellent Master's degree will be given. This latter degree has never been conferred in Lexington and the Cryptic Masons of the city and surrounding towns are looking forward with much anticipation and pleasure to the visit of the Grand Council, which on this occasion will be the guests of Washington Council No. 1 of this city.

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and kidney disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed—Read this Maysville woman's convincing statement:

Miss Dora Edgington, Wood St. Maysville, says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times, my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When ever I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chandler's Drug Store, if troubled in that way."

Miss Edgington is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Miss Edgington had—the remedy backed by home testimony. 50c all stores. Ford
THE UNIVERSAL CAR

Announcement

The company is many thousands of cars behind their orders. The railroads are unable to deliver rapidly enough on account of shortage of freight cars. On account of these conditions, which are the worst I have ever had to contend with since being in the automobile business, the company will not ship cars to a dealer unless he has orders for the cars signed by customers who are waiting for cars.

The tremendous demand will continue throughout the winter in the south and southwest, and the shortage in this part of the country in the spring will be the greatest ever known.

I have already sold and delivered one-half of all the cars I contracted for the 1917 season. I have orders on file for 25% of all the cars the company will ship me between now and August 1st. The man who waits till spring to place his order for a Ford will not get his car till mid-summer or next fall. Therefore, if you want a Ford car this year, place your order now and take the car as soon as I can deliver. Don't wait.

A Suggestion

TO

Tobacco Growers

Nothing, in our opinion, is so liable to seriously effect the present satisfactory prices of Tobacco as the over crowding of the market.

Our advice to you is, bring each wagon load to market just as soon as you get it ready. Don't delay until you get your whole crop, or the most of it stripped. To do so will be a mistake.

A steady market is always better than a glutted one. Don't get too much here at once. As our house is the largest, we are helped most by a rush; but, we know that what is not good for you is not, in the long run, good for us.

We Are For What Helps Everybody Most

That is the reason we so carefully sort and handle each crop of Tobacco before offering it for sale.

A Wonderful Remedy For Coughs and Colds

The reason chronic coughs, colds and bronchitis yield to Vinol is because it is a constitutional remedy. Unlike cough syrups, Vinol removes the cause. This is due to the wonderful combination of the oldest and most famous reconstructive tonics,—Beef and Cod Liver Peptones, Iron and Manganese Peptones, Glycerophosphates, etc., with a mild tonic wine. OUTLINE

Of the Peace Terms of aKiser Now Hoped For By American Officials—Wilson May Ask Him to Set Out Conditions.

Washington, January 13.—A statement of terms from Germany and her allies, at least as comprehensive as those set forth by the Entente in replying to President Wilson's note, is the next step hoped for here in the peace negotiations.

Whether time will be allowed for the Teutonic nations to state their terms on their own initiative, or whether President Wilson will make some move to give an opening, remains undetermined.

There are indications, however, that if no statement of the Teutonic terms is forthcoming within a reasonable time the United States may seek a means to indicate the desirability of such a course.

Keeps His Views to Himself

It was reiterated today that the President had not determined on his action and it was pointed out that in his note he said he was indifferent as to the means employed for comparing terms. He is reluctant to judge between the two replies and has not made known his impressions of the Entente note. In other administration quarters it has been suggested, however, that the objects which the President had in mind could be best promoted now by the Central Powers publicly declaring their terms.

Officials are watching particularly just now the trend of public sentiment abroad, and the apparent change since the dispatch of the President's note has proved a source of increasing gratification. The first feeling of indignation among the allies because of the concidence of the President's proposal with that of the Central Powers has abated, it is believed here, and is being replaced by a conviction that good may come from the American note.

Early Peace Not Probable

There is no indication in official circles, however, that an early peace is thought probable. On the contrary, the statement of the allies' objects, it is recognized, has made acceptance by Germany very difficult for the present, however far it may have gone toward establishing a preliminary basis which may facilitate peace negotiations when the end of hostilities does come. The Administration is acting on the assumption that the bitterness engendered by the war cannot be healed in a moment, but that every step toward that end brings a final rapprochement nearer.

First expressions of bitterness in Germany over the Entente reply are somewhat discounted here, and it is felt there may be a change of sentiment just as there was in the Entente countries in regard to the President's note. It is conceded, however, that for the present popular desire for a prosecution of the war will be quickened.

Expect Teutons Would Reply

The German view here is that there is little likelihood of a public statement of specific terms by the Teutonic Allies at this time, unless a further move to that end is made by the President. Should a request for such a statement be forwarded to Berlin, however, it is declared Germany probably would comply.

It has been the contention of Teutonic diplomats that in proposing a peace conference Germany fulfilled the President's suggestion that an early occasion be sought for discussion of terms, and that no other steps is called for unless there is a second and more specific request.

TWO KILLED IN DUPONT FIRE; LOSS \$300,000

New York, January 14.—Two men employed in a house where powder was glazed were killed when the E. I. DuPont de Nemours plant at Haskell, N. J., was wrecked by an explosion Friday night, but all other employees have been accounted for. This was announced by the company tonight. The loss was officially estimated at no more than \$300,000.

No consideration is given to the suggestion that the explosion might have been due to a plot, the company's statement said. The initial explosion occurred, it was said, in the house where the two men were killed. None of the machinery has been found, according to the statement, and it is "impossible to give the exact cause." The engineers, however, are convinced the damage was caused by an overheated bearing. The large magazine which exploded contained 230,000 pounds of powder.

Plans for rebuilding have been made, the company asserted, and the work of the plant will go on without serious interruption.

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the County of Lewis, Kentucky, to be held at Maysville and Portsmouth, on February 10, 1917, to fill the position of rural carrier at trinity, and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applicants should be forwarded to the Commission at Washington at the earliest practicable date.

A THRILLER WITH TRAVERS

"The Phantom Buccaneer," one of the most thrilling screen attractions ever produced, is a new Essanay's feature. Adapted from Victor Bridges' gripping novel, "Another Man's Shoes," this vivid picture is a masterpiece of photoplay. Opening with an exciting battle scene which makes the audience clutch its seats, it carries this tense, dramatic action through to the end. In scenic splendor, as well as acting, this great feature is a marvel of the camera's art.

"The Phantom Buccaneer" is being released through the Kleine-Edison-Selig-Essanay service. The screen time is 1 hour, 20 minutes.

Its cast is notable. Richard Travers, one of the most widely known stars in motion pictures, is seen in the lead. Appearing with him is Miss Gertrude Glover. An excellent company of more than 100 persons supports them. See this picture at the Pastime today.

CLEANING OFF STREETS

A force of city workmen under the direction of Street Commissioner Ben T. Smith was busy this morning in removing snow from the various thoroughfares in the city. This is certainly a good move on the part of the street cleaning department. CHURCH NOTES

Rev. E. L. Wilson of Lexington filled the pulpit at the Central Presbyterian Church. His sermons delighted two large audiences.

At the First M. E. Church, South, the second quarterly meeting for the year was held. Rev. J. D. Redd, presiding elder, preached at both services. At the morning hour the Sacrament was administered.

The snow of Saturday had their effect on the church and Sunday School attendance in the various churches yesterday. Only the very faithful came forth to worship in the House of God, but those attending carefully showed their Christian Spirit.

Rev. A. F. Stahl, pastor of the Christian Church, preached the first of a series of sermons last evening of "The Christian and His Duties." The subject for the first sermon was "The Christian; Who Is He?" Mr. Stahl gave a splendid sermon, which was greatly enjoyed by those present.

A very interesting Epworth League service was held at the Third Street M. E. Church last evening, the service being conducted by the pastor of the church, Rev. S. K. Hunt. A Bible hunt was conducted, certain passages being given and the first to find the one in question was allowed to read. The contest was very interesting and added a great deal to the service.

IMMIGRATION AFTER WAR MAY SPREAD CONSUMPTION

Baltimore, Md., January 14.—Dr. Alfred Meyer, of New York, a leading authority on tuberculosis, in an address today to the trustees of the National Jewish Hospital for Consumption at a meeting in conference with the convention of the Union of Hebrew Congregations, said that unless necessary precautions were taken there was great danger of tuberculosis being increased in this country by immigrants at the close of the war. Dr. Meyer said he had been informed by Ambassador Gerard, that in Germany the number of cases of tuberculosis had increased 300 per cent.

In France thousands of soldiers have been sent back from the trenches suffering from pulmonary disease, while in Belgium the conditions were frightful.

REPUBLICAN NATIONAL COMMITTEE MEETS TODAY

New York, January 14.—Republican leaders from all parts of the country began arriving here today for a meeting of the National Committee tomorrow. Several informal preliminary conferences were held, one of them at the home of Oscar S. Straus, former Progressive candidate for Governor of New York.

Those who met with Mr. Straus included: William R. Wilcox, national man, Governor R. Livingston Beckman, Governor R. Livingston Beckman, of Rhode Island, and James A. Hemenway. No announcement was made of the subjects discussed.

MR. CHARLES A. WALTHER

Mr. Charles A. Walther died at home in Chicago on last Friday morning at 4:10 o'clock following a long illness of cancer of the stomach. The burial was made in Chicago.
